

E1 West Snack List

At least one week this year, your child will be responsible for bringing snack to share with the children for the whole week. When choosing snacks to bring to school, please be respectful of children that may have food allergies. Some healthy snack ideas include: fresh fruit, yogurt, cheese sticks, and veggies with dip or hummus. If you would like to volunteer for an open week, please let us know. We appreciate your willingness to supply snacks! If you have any questions regarding appropriate snacks or quantities, please let us know.
